

## Christ the King Year 3 Spring 2 Newsletter

Learning together in faith, hope  
and love.

Dear Parents,

This term has started with a bang, and Book Week!

What fabulous costumes your children came in! We had a lovely day designing our own Dragons, linked to the CAST Gospel Values. We'll be reading a small part of 'How to Train your Dragon' before we start our new class novel, Charlotte's Web. Remember we have Books at Bedtime on the 10th March

We are completing our science unit on Rocks and Fossils— watch this space for potentially exciting trip coming up! Then, we will be looking at Magnets. We will be having Science week at school starting on the 9th March.

Maths will be exciting learning, all about measuring length and perimeter. Later, we will be looking at fractions.

Kind regards, Year 3 Team, Mrs Yusuf, Mrs Kent, Mrs Dunford.

### Key Dates
