

## School Sports Funding 2019/2020

**Number of pupils on roll:** 349

**Total Sports Grant allocation:** £18,710

In April 2013, the Government announced a new initiative for Physical Education (PE) and Sport. The School Sport Premium is a fund allocated to every Primary School as a legacy of the London Olympic games. This was designed in order to promote a healthy lifestyle and improve the quality of PE and Sport within Primary schools.

Primary schools are given autonomy on the allocations of the funding to improve the quality and breadth of PE and sport provision. These areas include; increasing participation in PE and Sport, developing the quality of teaching within the subject, creating an inclusive whole school ethos in encouraging all pupils to live a healthy lifestyles and to reach the performance levels they are capable of.

Documents consulted:

*"Beyond 2012 – outstanding physical education for all."*

*"Inspecting primary school PE and school sport: new funding."*

Priorities for Spending 2019-2020	Cost
<p><b>Aims:</b> To promote lifelong sporting habits and healthy lifestyles for all pupils regardless of sporting ability.</p> <ul style="list-style-type: none"> <li>• Membership of the Bournemouth Schools Sports Association (BSSA) – Level 2 inter school competitions</li> <li>• Provide cover for teachers to receive professional development in PE and to supervise sporting events.</li> <li>• Enhance PE equipment and resources. Particularly in gymnastics.</li> <li>• Promote and devise an intra-school (Level 1) competition timetable to provide children with positive competitive experiences in sport (half termly).</li> <li>• Develop Young Sports Leaders in Key Stage 2 to assist in playtime and lunchtime sporting activities, to facilitate sports events for younger pupils and monitor the storage of PE equipment.</li> <li>• Engage least active pupils in extracurricular clubs at lunchtimes and afterschool (provide free extra-curricular clubs).</li> <li>• Provide extra sports kit for children to participate in intra-school competition (level 1).</li> <li>• Early morning adventure club</li> <li>• Subsidise travel to sporting events.</li> <li>• Subsidise transport, pool hire and swimming instruction for pupils in KS2 (Autumn/spring)</li> <li>• Provide teaching staff with CPD opportunities to enhance their subject knowledge. <ul style="list-style-type: none"> <li>specialists leading an inset and sports leader to deliver twilight CPD sessions.</li> <li>Use of external agency (Planet education) to contribute towards staff CPD and provide quality P.E.</li> <li>Promote national and global sporting events such as Sport's relief and the Olympic Games 2020.</li> </ul>	£150  £10,000 £50
<b>TOTAL EXPENDITURE</b>	<b>£18,700</b>
<p><b>Impact statement:</b></p> <p>Due to the COVID-19 pandemic a number of sporting events have been affected. This had a detrimental impact on participation numbers and the delivery of the Physical Education National Curriculum. However, to ensure all of our pupils remain active during these tough times, we have provided 'virtual' sports competitions and our PE Lead (Mr Smith) posted daily PE videos for the children to complete each day. To show our gratitude to the NHS, Christ the King School created a video collage of children completing 100 exercises (just like Captain Thomas Moore!).</p> <p>On our return to school, we have ensured that all of the children in our bubbles are active for a minimum of 60 minutes per day. We held our planned Sports Week (22<sup>nd</sup> June-26<sup>th</sup> June), in which the children competed in the 'Sock Olympics', a daily morning workout and a 60 minute PE lesson. Children at home were also given the opportunity to participate. During our Jubilee week, the children also participated in active maths activities to integrate both maths and PE.</p> <p><b><u>Autumn, Spring and Summer term 2:</u></b></p> <p>Annually at Christ the King, we pay for Youth Sports Trust membership which provides us with Physical Education resources and CPD opportunities. In addition to this, we enter into the BSSA sports events which take place throughout the academic year. This allows our sports teams to participate a number of Level 2 and 3 Sainsbury's School sports competitions including: football, cross-country, netball, tag rugby, tri-golf, tennis, basketball, cricket, swimming, rounders and athletics.</p> <p>Not only do we provide many opportunities to participate in Level 2 (Inter-school) and Level 3 (County) events but we also provide our children with chances to compete at Level 1 (Intra-school) competitions. These include our annual sports day and extra-curricular clubs. We have provided a range of free extra-curricular clubs throughout the year which has seen an increase in pupil participation. Following frequent free sports clubs attendance, the children have participated in level 2 sports fixtures where they have competed against local primary schools. We have ensured that these fixtures are not exclusive to the more able children but have provided opportunities for less competent children (B and C teams). This has been a huge success (in the autumn and spring terms) with an increased number of children participating in sports events: <b>93 children in (Level 1) and 44 (Level 2) children</b> from Year 4, 5 &amp; 6 representing the school in a variety of sports.</p> <p>The school had planned for the Primary Catholic Cup to run this year at St Peter's Primary School in the Summer term. Teachers from Christ the King planned and delivered the football tournament with huge success. We hope that, in the future, this will grow with number of Catholic schools in the Bournemouth, Poole and Christchurch area take part. This sporting tournament has formed a strong link between the local Catholic schools and with St. Peter's secondary school (use of their site and Sports leaders to officiate the matches).</p> <p>Through our membership to BSSA, we were able to send various Year 6 children to attend Primary School Bronze Ambassador Training. This enables the children to train to be a young sports leader and give them an understanding of how they could have an impact in our school. There are now <b>20 trained sports leaders</b> at our school and form our 'Sports Committee'. These sports leaders have officiated our Level 1 sporting events.</p> <p>A large part of the Sports Grant was spent towards replacing damaged sports kit and providing a wider range of equipment to aid the learning of our children. This academic year we have invested heavily in the equipment we use to deliver the PE National Curriculum and the secure storage of this equipment. The school are proud to say that we have an outstanding level of quality resources that are used to deliver our scheme of work.</p>	

We also use the sports grant to supplement the cost of transport to sporting events such as our weekly KS2 swimming lessons. However, swimming has been heavily impacted due to the pandemic.

Members of staff have partaken in twilight CPD sessions in order to ensure they are delivering quality P.E. We have continued to deliver the LTPE scheme of work to support the planning, delivery and assessment of P.E. Additional CPD sessions were planned for the Summer term but hasn't happened due to the pandemic.

**In Summary:**

From the sports premium grant we have been able to enhance the quality of P.E. and sport within the school. Therefore, we can provide a comprehensive P.E. curriculum and extra-curricular timetable which is accessible for all of our pupils.

**In the future we intend to use the funding:**

- **Promote intra-school (Level 1)** competition timetable to provide children with positive competitive experiences in sport (termly).
- Youth Sports Trust membership and **CPD**, cover to release staff.
- Membership of the **Bournemouth Schools Sports Association (BSSA)**
- **Provide cover for teachers** to receive professional development in PE and to supervise sporting events.
- CPD in the delivery of **gymnastics** within the National Curriculum.
- **Subsidize transport**, pool hire and swimming instruction for pupils in KS2.
- To continue to **engage the least active pupils** in extracurricular clubs at lunchtimes and afterschool.
- **Provide specialist coaches / teachers** for games to support the curriculum delivery by class teachers.
- Provide a comprehensive extra-curricular sports program for vulnerable children (SEND/PP).

**TOTAL EXPENDITURE FOR 20-21 TBC**
