

Our Home Learning Daily Timetable (overpage) gives a guideline of time spent on activities throughout the day. We have also provided ideas for activities over the forthcoming weeks for all curriculum areas. You do not have to complete the work in this order - it is completely your choice, as long as you cover these subjects each day! Below are other useful websites to use alongside your child's daily tasks. We have also included the Early Learning Goals as a part of the EYFS curriculum. These are the expectations for your child to achieve their Early Learning Goals and reach their expected level of development by the end of the Reception year. We look forward to continue to support your child in their learning journey.

Our Trick Box programme is a whole school Personal, Social and Emotional Development management resource for EYFS, KS1 and 2. Designed to fit alongside other PSHE and Social and Emotional Learning, this simple, fun and highly effective programme not only gives children the personal skills they need to be successfully autonomous and resilient but also polishes the skills of teachers and parents.

Remember to use the Tricks we have spoken about in class and make time to reflect each day on all of the wonderful things you have achieved so far!
