

Jubilee Celebration - Music.

Try and learn our Jubilee Song. Here are the words: The tune will be sent to you:

In 1959 it all started,
Our school was built in this place.
So many teachers and children
Have passed through this marvellous place.
Whatever the length of their journey,
This school has a place in their hearts.
So we sing and we cheer, Sing it loud, sing it clear,
Christ the King's Jubilee is here.

60 years, we're celebrating. 60 years, our schools been here.
60 years, thank you our Father
For all the blessings we've known here.

Our school it has seen many changes
(not least in this very strange year)
But through all the years God has blessed us
With Him we have nothing to fear.
We look back and also look forward
To what the future will bring.
So we sing and we cheer, Sing it loud, sing it clear,
Christ the King's Jubilee is here.

60 years, we're celebrating. 60 years, our schools been here.
60 years, thank you our Father For all the blessings we've known here.
Sing it loud, sing it clear. Our Jubilee is here!

Also, you might like to try one of these activities:

- Can you write a Jubilee Rap? Try and have some of the lines rhyming. You might like to have a catchy chorus? If you go to "Groove Pizza!" <https://apps.musedlab.org/groovepizza/?museid=QAuz6gnuf&> you can find a backing track that will go with your Rap. If you click on "specials", you will find some great backing tracks there. Enjoy experimenting!!
- Can you take a familiar tune (Twinkle, Twinkle for instance) and re-write the words to celebrate our schools Jubilee?
- Rock and Roll was very popular about the time our school was opened. Can you find out about Rock and Roll? What is your favourite song / dance track you can find? Maybe you could make up a new dance (with your adults too?!) and film yourselves!
- Can you find out what was the most popular pop song in each of the 6 decades since 1959. Which song do you like best?

We would love to see / hear what you have been doing!
